

Secondary Empathy List 2024

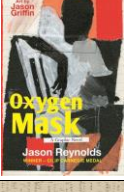

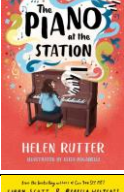

EmpathyLab has produced a Read for Empathy Book Collection, with accompanying Read for Empathy Book Guides, annually since 2017. The guides are for both parents and teachers, and this, their eighth guide, consists of 65 books for 3–16 year olds – split between primary (3–11 year olds) and secondary (11-16 year olds).

Each title has been chosen by a panel of judges to do a specific empathy-building job. The judges are always a group of national experts and grassroots practitioners from schools, public libraries and organisations including Amnesty, the School Library Association, and the Centre for Literacy in Primary Education.

- The books on this list can be purchased from the School Library Service
